

Excalibur LP 11 track Album
Produced by Byron Townshend aka DJ Vengeance

Album Background

A project that has been in development for many years.. Byron was inspired by John Boorman's Classic 1980's Movie Excalibur.. the original idea for the album came from his late father who passed away in 2011.. So it was a personal project for Byron who only recently went back to it after a 2 year break, finishing the album as a tribute to his father Pat Townshend who was also involved in the music industry...
